NOTES:

- ¹ Lots abutting railroad right-of-way require fifteen-foot backyard.
- ² Corner lots in the R-5 Zone require fifteen-foot front yard on side street.
- ³ Corner lots require fifteen-foot front yard on side street.
- ⁴ One-family dwellings on lots of 6,000 square feet are subject to R-6 requirements.
- ⁵ In case of irregularly shaped lots whose sides are not parallel, the average width of the lot shall be used in place of the actual street frontage.
- ⁶ In computing building area for lot coverage and improved lot coverage requirements, all porches, steps, extensions and accessory buildings shall be included.
- ⁷ Maximum density: 12 units per acre.
- ⁸ Residential units above retail uses are permitted in the B Zone.
