ROLL CALL

INTRODUCTORY STATEMENT

Welcome to the Zoning Board of Adjustment. Let me briefly explain what we do. We are appointed by the Bergenfield Council to decide when a property owner should get relief from the strict application of the zoning regulations that are set forth in Bergenfield's zoning ordinance. Typically, we hear two types of variances. The first is whether an applicant can vary from land use restrictions including rules on sideline distance, height, and lot coverage. That is commonly called a bulk variance. The second type of variance is a use variance, where an applicant wants to use the property for a purpose not permitted under the zoning ordinance in that zone.

In these cases, the applicant has the burden of meeting certain criteria set forth in the Municipal Land Use Law, which is available online. We carefully listen to the testimony, including objectors, and review all relevant documents. If a majority of the Board concludes that the applicant has satisfied those criteria for a bulk variance, we must grant the requested variance. Approval of a use variance requires five affirmative votes.
